Pre-existing conditions and health problems

If anyone has a pre-existing health condition, there will be a waiting time before cover for certain claims will start. The waiting time will be 5 years, from when you are first registered for cover (waiting periods will apply separately to spouse/adult dependant and any children). In addition, for later increases in cover the waiting time before the increased cover takes effect will be 2 years from the time of the increase (see “Waiting periods” and “Restrictions” on page 18 for full details and concessions for previous cover).

You may start making claims three months after your registration date, unless otherwise stated. Reimbursement of most claims is made on a rolling balance principle over any 12 consecutive months. This period starts from the date we pay your claim. See pages 19 and 20 for full details.

Personal Accident Benefit

All claims must be submitted within 6 months of the accident occurring.

If an Accident results in Permanent Disability or death the financial consequences can be enormous. Even less serious injuries can result in a lengthy period off work or confinement to the house. Whilst you may be able to cope in the short term, a longer period of disability can put severe pressure on family finances.

Lump sum cash payments (shown opposite) when they are needed most could ease the financial burden. Policyholders and their partner and dependent children are covered 24 hours a day, every day of the year, whether at work, at home or at play.

Permanent Disability: A lump sum cash benefit depending upon the type and degree of Permanent Disability following an Accident.

Facial Disfigurement : A lump sum payment for Permanent facial disfigurement as a result of an Accident.

Accidental Death: A lump sum payment if the Accident is fatal.

Dental Trauma: A lump sum payment for dental treatment required as a direct result of a blow to the head.

Temporary Disability: (not applicable to children under 16 years of age) A weekly sum payable (normally by direct credit, monthly in arrears) if following an Accident, you are:

- a) unable to take up your normal paid occupation or any other paid employment; or
- b) confined to the home (applicable only if you are not in paid employment at the time of the Accident) as certified by a qualified medical practitioner.

Payable from the 31st day of your disability for up to 52 weeks. Odd days will be paid at 1/7 th of the weekly rate.

Although there is no waiting period under this section, the Temporary Disability benefit is not payable for the first 30 days (Deferment Period) of each period of temporary disablement.

Fracture Benefit: A lump sum payment for a fracture or fractures to one or more bones of the arm or leg following an Accident.

If you or any other eligible person (Insured Person) suffer Bodily Injury as a direct result of an Accident which within 24 months of the Accident results in Permanent Disability, Facial Disfigurement or Death the following will be paid:

If you're trying to overhaul your lifestyle you can also get guidance on areas such as nutrition, exercise, or avoiding sports injuries.

There's a travel section too, so you can check on vaccinations needed for your destination and other useful advice on: protection from the sun, food hygiene, insect bites etc.

If you're not online, don't worry, just call and we will print off the information and post it to you.

You can discuss any aspects that are worrying you including: Home, Family, Relationships, Work, Bereavement, Trauma, Substance abuse or any stress related issue.

You can call the service as often as you need. If you wish to arrange a series of regular telephone counselling sessions with the same counsellor, this can only be arranged on week days.

Should you need face-to-face sessions, then the telephone counselling service will identify local counsellors in your area for you to meet with.

With HSF Assist you can receive, from first registration, up to 6 face-to-face counselling sessions **after** your telephone counselling. If you use the face-to-face counselling, you will pay the counsellor direct and then submit the receipted invoices to HSF health plan for reimbursement under the Practitioners category.

We cannot consider any face-to-face counselling claims that have been organised independently by you. All face-to-face counselling must follow helpline counselling sessions undertaken via HSF Assist and be on their recommendation. *(Please note that up to a maximum of 6 sessions for the lifetime of your policy may be claimed. There is no pre-existing condition rule applicable to HSF Assist including the face-to-face counselling).*

Some amounts relate to the cost of the services you have received which are payable when you send in your paid receipts. Other amounts are a fixed rate, for example a fixed amount for each night spent in hospital or for the birth of a baby, or bodily injury from an accident. The amounts provided by the various schemes are explained in this brochure. A number of conditions apply with the main ones being (and explained fully in the relevant section of the 'Rules and further explanations of categories' or 'General terms and conditions'):

- There is a total limit on payments calculated on a rolling balance over a 12 month period basis with a further limit from registration on some hospital benefits. See 'Claims' on pages 19 and 20 and 'Hospital' on page 16.
- Claims cannot be accepted until at least three months after your policy start date, unless otherwise stated.
- Pre-existing health conditions and health problems present when you join or increase premiums, are not covered for an initial period under many scheme categories. See 'Waiting periods', 'Restrictions' and 'Increasing premiums' on pages 19 and 19.
- Switching between schemes is allowed. See 'Increasing premiums' and 'Decreasing or ceasing premiums' on page 19 for the terms.

Full policy terms and conditions, and the cover provided, are shown in this brochure.

Sundry items purchased at Dental Surgeries and Opticians premises, eg. solutions, cleaners, contact lens removers, floss, are not covered and prescription charges for any kind of medication are not covered under this category. Claims cannot be accepted for the purchase of spectacles or contact lenses or contact lenses supplied without prescription or for any dental treatment (including teeth whitening) not carried out at a dental surgeon's practice (eg. if undertaken at a cosmetic/retail outlet).

Consultations with Consultant Oral Surgeons, Consultant Facio-Maxillary Surgeons, Consultant Orthodontic Surgeons and Consultant Ophthalmic Surgeons are not covered under this category. These should be claimed under the Consultations category. The cost of treatment or operative procedures undertaken by these Consultants is not included in any category. If eye laser treatment or a permanent contact lens implant (to correct long or short sightedness) is carried out by a Consultant Ophthalmic Surgeon or undertaken in hospital as a day case patient or an inpatient, claims cannot be accepted for Consultations, Medical Tests or for Hospital or Day Case, in addition to the Optical category.

The cost of Eye Laser Treatment, Implantable Contact Lenses (to correct long or short sightedness) and assessments is included in Scheme FC3 onwards and the Extra Cover Schemes, but claims for this particular treatment can only be accepted at **least 6 months** after registration.

Rules concerning pre-existing conditions do not apply to this particular category.

General Practitioner and Emergency Department

The amount is repaid up to the maximum (but if the actual charge is less, only this amount will be refunded) on the production of a paid receipt supplied by a General Practitioner, clinic or a hospital indicating attendance at an Accident and Emergency Department. The stated amount is paid for attendances by any eligible registered person up to an overall limit of 10 visits (regardless of which eligible registered person is the patient) within a 12 month period. Any procedures carried out during the visit are covered by this benefit and may not be claimed for separately under this or any other category.

Rules concerning pre-existing conditions do not apply to this particular category.

Prescription

The amount is repaid up to the maximum (but if the actual charge is less, only this amount will be refunded) on the production of a paid receipt supplied by a Pharmacy (Dispensing Chemist), indicating that a prescription supplied by a General Practitioner has been dispensed. Only one amount is payable on each receipt regardless of the number of items. The stated amount is paid up to an overall limit of 4 prescriptions within a 12 month consecutive period regardless of which eligible registered person is the patient.

Rules concerning pre-existing conditions do not apply to this particular category.

Practitioner: Physiotherapy, Physical Therapy, Osteopathy, Chiropractic

The maximum payable between all eligible registered persons is also between the above four headings. It is not, for example, on Scheme FCC €650 for each of the four. Claims will only be accepted with paid receipts from qualified practitioners. Policyholders and dependants, in their own interests, should only consult properly qualified practitioners who are registered with professional organisations which maintain high standards. Benefit does not include the cost of any medication or any surgical appliances supplied or prescribed by the practitioners. Claims cannot be accepted for prophylactic treatments or sports massage/therapy.

Wellbeing & Alternative Treatments: Acupuncture, Homoeopathy, Chiropody / Podiatry

The maximum payable between all eligible registered persons is also between the above four headings. It is not, for example, on Scheme FCC €650 for each of the four. Claims will only be accepted with paid receipts from qualified practitioners. Policyholders and dependants, in their own interests, should only consult properly qualified practitioners who are registered with professional organisations which maintain high standards. Benefit does not include the cost of any medication or any surgical appliances supplied or prescribed by the practitioners. Consultations with Consultant Podiatric Surgeons (of hospital consultant status) are not covered in this category. These should be claimed under the Consultations category.

The cost of treatment or operative procedures undertaken by these consultants is not included in any category. Rules concerning pre-existing conditions do not apply to Chiropody/Podiatry.

Consultations & Medical Tests

Claims must be for consultations in a hospital or clinic on an outpatient basis only and carried out by a doctor of consultant status. Treatment (including radiotherapy) and operative procedures (including delivery of a baby) are not covered, neither is any radiography during such treatment / procedures. Reimbursement is only on the initial consultation with a Consultant Psychiatrist, subsequent visits are classified as treatment. Claims cannot be accepted for examinations / investigations carried out while an inpatient or as a day case or for medico-legal reports, possible legal evidence (including paternity testing), or for insurance, employment fitness /occupational assessments or immigration /emigration purposes.

The following are covered under Medical Tests:

Any investigations undertaken, on an outpatient basis only, in a hospital x-ray, MRI/CT scanning, pathology or nuclear medicine / medical physics department (or its equivalent elsewhere); electrocardiogram (ECG), electroencephalogram (EEG); electromyogram (EMG), audiogram and orthoptic investigations. Minor invasive investigations carried out at the same time as an out-patient consultation, and not requiring the use of a separate treatment room, are also covered. Claims are accepted for visits to health screening clinic and for the cost of a vaccination administered at a GP surgery or clinic or the issue of a prescription for a vaccination (which may be in the form of vaccine or medication).

For allergy testing the initial consultation and diagnosis of

problems by a qualified practitioner with a personal consultation in a clinical environment (not a retail outlet) is covered but not any subsequent consultation, therapy or treatment.

The following are NOT covered:

Invasive investigations, such as endoscopies, carried out with some form of anaesthetic, and requiring the use of an out-patient treatment room (for which the hospital or clinic charges an additional fee) or occupancy of a bed on a day stay basis. The Day Case benefit may be claimed in these circumstances if applicable.

Birth Grant and Adoption Grant

The period of at least 10 months before claims can be accepted in this category also relates to inpatient treatment and all other categories for consultation, investigation and treatment associated with the pregnancy. Hospital benefit relating to the mother or baby is not payable to male policyholders who do not reside at the same address as their spouse /adult dependant. The Birth Grant is also paid for a still birth if an official certificate is submitted. Adoption is included in this category, however, a claim under this category may not be submitted until HSF cover has been of at least 10 months' duration. The adoption certificate should be dated after the end of this 10 months' period and before the child's 10th birthday. Children already registered may not subsequently be the subject of an Adoption Grant by either parent. Claims for overseas births and adoptions are not covered, but may be considered at our discretion.

Hospital

The hospital or hospice must be in Ireland or the United Kingdom and its name and admission and discharge dates should be clearly stated on the claim form. Benefit is payable to each eligible registered person for up to 40 nights in any consecutive 12 calendar months. The amount payable is the stated grant and no direct costs (e.g. Consultants' fees, room charges, medication/dressings involved with the hospital admission) are covered. Stays in nursing or convalescent homes are not covered.

Benefit is restricted to 50 nights in total in a period of continuous cover, regardless of scheme, for each eligible registered person to whom it applies for admissions: for congenital and prematurity disorders in babies and children for whom a Birth Grant has been paid to a parent; to mental illness and geriatric (elderly medical / long stay / rehabilitation / respite care) wards. These 50 nights are counted as part of and not in addition to the ruling in the sentence above eg. within a 12 month period the number of nights for which benefit is payable will not exceed 40 regardless of the reason for admission.

In accordance with the usual practice, the date of admission is counted as the first night but the date of discharge is not counted. Time spent within an Accident and Emergency Department (A&E) is not considered as part of an admission unless the hospital declares it to be so in accordance with their records. Claims must be submitted after each discharge from hospital. Weekend leave or longer periods of home leave do not count as a discharge, although no amounts will be paid for nights spent at home. Transfers from one hospital to another without a period at home in between are counted as a continuous period in hospital.

In cases of long stay admissions a claim may be submitted after 40 nights and an amount will be paid up to the number of nights due within the rules. Recuperation only, as appropriate, will be payable upon discharge. However, if an

admission extends beyond 12 months a further claim may be submitted. There are special rules for these unusual circumstances. If, on the date of admission to hospital, the benefit limit is shown to have been reached in the preceding 12 months then no payment is made for that admission at all unless the current admission is of a duration which takes it past the anniversary of the discharge date 12 months earlier. In these cases the balance of nights due will be paid. Adults staying with their children at the hospital/hospice are not entitled to Hospital or Day Case benefit, nor are children who are staying with their parents.

Recuperation

This grant is paid automatically, subject to qualifying for the appropriate number of nights in the hospital categories and actually having been discharged. There is no requirement to make an additional claim. If re-admissions occur after less than seven nights following discharge, and the second or subsequent admissions by virtue of their length would also qualify for a grant, only one such grant will be paid at the rate set for the longest of the admissions. The grant is not payable when the patient dies in hospital or if an admission includes a confinement and qualifies for the Birth Grant.

Day Case Surgery and Treatment

The claim form must be signed by an official at the hospital and bear the official stamp to verify the information given by the policyholder. Anyone admitted overnight following a Day Case attendance will be entitled to the Hospital and not the Day Case benefit. The following are not included: Geriatric, psychiatric or rehabilitation day hospitals or units; an unplanned day or period spent in an Accident and Emergency or Casualty Department; minor surgery, treatment or procedures undertaken in outpatient or similar departments. The amount payable is the stated grant and no direct costs, e.g. Consultants' fees, room charges, medication/ dressings involved with the hospital admission are covered.

Surgical Appliances and Hearing Aids

The types of appliances will be restricted to those that are worn eg. blood pressure monitors, corsets/belts, stockings, trusses, insoles and wigs, and do not include anything disposable or hired.

Personal Accident

1. Payment for any Permanent Disability not shown in the table on page 9 will be based on a medical assessment of the disability in relation to the table and not in relation to the Insured Person's ability to work.
2. If the Insured Person was already disabled before an Accident or already had a condition which is gradually deteriorating, the payment will be reduced. The reduced payment will be based on a medical assessment of the difference between:
 - a) the Permanent Disability after the Accident; and
 - b) the extent to which the Permanent Disability is affected by the disability or condition before the Accident.
3. If the Insured Person claims for loss of limb, he / she cannot also claim for parts of that limb.
4. The most an Insured Person can receive for Permanent Disability resulting from any one Accident is the amount specified for Permanent Total Disablement.

Definitions

1. **Accident** means a sudden unforeseen and fortuitous identifiable event and the word accidental shall be construed accordingly.
2. **Bodily Injury** means injury to an Insured Person which solely and independently of any other cause results in the Insured Person's Death, Permanent Disability, Temporary Disability, fracture of a specified bone or bones, or Dental Trauma. Payment will be up to the amount shown in the Dental Trauma benefit for the scheme chosen. In any case the amount will not exceed 5% of the Permanent Disability Benefit of the cover selected. The Maximum for this on Scheme FCC is €2,500. The benefit will only be paid in respect of treatment an Insured Person receives within 12 months of the date of the Accident. This benefit covers dental treatment directly relating to an Accident such as a sports injury or a fall and includes anaesthetic fees, Dental crowns, bridges and white fillings, Dental veneers and Replacement dentures or repairs. It is a condition of this policy that the dentist confirms on each receipt that the treatment is only to repair the damage to the Insured Person's teeth as a direct result from a blow to the head. 10. **Deferment Period** means a period of temporary disablement during which the Temporary Disability Benefit shall not be payable.

No Benefits will be payable:

1. If the Bodily Injury is caused by war or any act of war, the Insured Person serving full-time in the armed forces of any country or international organisation, suicide, attempted suicide or deliberate self-inflicted injury by the Insured Person (even if they are insane), the Insured Person taking part in air sport or air travel, unless as a passenger, a sickness or disease, Repetitive Stress (Strain) Injury or Syndrome or any other condition or injury which develops over a period of time.

The Personal Accident categories are underwritten on behalf of HSF health plan by Chubb European Group Limited whose registered office is at 100 Leadenhall Street, London, EC3A 3BP and is a European Company incorporated in England & Wales under Company number 1112892, which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority for the conduct of business in the UK. HSF health plan is an intermediary acting on behalf of the policyholder dealing exclusively with Chubb European Group Limited. The address and contact telephone number will be indicated in the acknowledgement letter.

HSF Assist will cover up to 6 sessions with a face to face counsellor which you will pay for and then claim back under the Practitioner category by submitting the receipts for the session(s) you have (up to a maximum of 6 per named person on the policy, for the lifetime of your policy). There is no limit on how many times you use the telephone counselling service.

General terms and conditions

Registration

Anyone aged 18 or over may join and cover will continue for life, if the policyholder so wishes, and if your premium payments are kept up to date and the rules and conditions are adhered to.

Cover is provided continuously from month to month until it is cancelled or otherwise comes to an end. You will not receive renewal documentation unless we change the terms and conditions of your policy. When your application is processed you will receive a welcome pack. Upon its receipt you have 14 days in which to change your mind (telephone 1890 473 473 or write to HSF health plan, 5 Westgate Business Park, Kilrush Road, Ennis, Co Clare). If any premiums have been paid you will receive a full refund providing that no claims have been settled during this period.

One policy also covers a spouse / adult dependant and children under 21, permanently residing at the same address. The named policyholder or spouse / adult dependant must be a parent of the stated children under 21 or be the legal guardian of them. Children in a fostering arrangement are not eligible for inclusion, and neither are children who are on weekend school holiday stays.

An "adult dependant" is an adult living at the same address as the policyholder whose relationship with the policyholder is similar to that of a spouse. The term does not refer to any other adult who may be dependent on the policyholder for any care or financial support.

Couples in a relationship may each have a separate policy under a Primary Scheme only.

Waiting periods

Claims may be submitted as soon as three months has elapsed from your policy start date, unless stated otherwise. There is a longer period of 10 months for the Birth and Adoption Grant and this time also applies to other categories if the claim is related to pregnancy. Any restrictions, which are temporary (see paragraph below), include any conditions which existed or for which symptoms were present before your cover began; any development of existing conditions; any recurrence of conditions which have existed in the past; any hereditary, congenital or perinatal conditions which may already exist but which manifest symptoms only after cover commences and any which previously existed but were not disclosed. Until waiting periods have been served, it may also be necessary to refuse claims relating to a particular area or structure of the body where there has been a problem in the past unless medical advice indicates that there is no connection.

The above restrictions for pre-existing conditions are removed after set waiting periods from first registration or from the date of any increase in cover. The set waiting periods will apply separately to the policyholder, a spouse / adult dependant, and any children.

The set waiting periods are:

- a) On first registration: **5 years**,
and
- b) For increases: **2 years**.

The set waiting period may be reduced for cover from registration (but not increases) where,

i) Immediately prior to cover on this policy starting you were covered for the pre-existing condition under an HSF health plan policy in which case the previous level of cover will be maintained, or

ii) Within 3 months prior to this policy starting you were

covered by a policy from an insurer authorised by the Health Insurance Authority or HSF health plan in which case the set waiting period will be reduced by the premium paying period with that insurer before cover for the pre-existing condition will be provided at the previous level of cover;

iii) At the time of making a claim using above you should request a reduction in the set waiting period. You will need to supply original written evidence regarding the nature, level and residual waiting period from your previous insurer.

Any claim for any benefit that relates to an accident can be made immediately once your policy has been issued. Should you need to claim during the Waiting Period as a result of an accident, you will need to include with your claim submission, details of the accident and any substantiating evidence that the treatment you received, for which you are claiming for, was a result of that accident.

Any Pre-existing health conditions will be taken into account as to the injuries sustained.

An accident is defined in our Personal Accident benefit.

Restrictions

Claims cannot be accepted for anything related to plastic surgery and consultations / treatment for cosmetic reasons; addictions (eg misuse of alcohol or drugs); self harm or self inflicted injuries or HIV / AIDS. Conditions which begin during the three month period after cover commences should be notified in writing and you will then be advised if any restrictions apply. Optical, Dental, Chiropody/Podiatry, General Practitioner/Emergency Department, Prescription, Personal Accident and HSF Assist are the only categories not subject to the pre-existing condition rules, although some Personal Accident benefits may be limited if a disability or medical condition existed before the Accident.

No policyholder or dependant may be registered in both an Extra Cover and a Primary Scheme. It is, however, permissible to be a policyholder in one Primary Scheme and a dependant in another Primary Scheme. These rules are based on the insurance principle of not being able to make a profit from the reimbursement of any expenditure.

Change of circumstances

When a policyholder marries or re-marries, and wishes to include his or her spouse (and any children under 21 permanently residing at the same address), a further application form must be completed and submitted to HSF for approval and registration. The policy number should be shown and the form marked 'Change of Circumstances'.

An adult dependant residing at the same address is accepted by HSF providing that an application form, which also shows the full name of that person, is completed and submitted for approval and registration.

Children born in the first 10 months of cover (when it has not been possible to pay a Birth Grant) may be added as dependants on completion of an application form with medical information. An application form is also required for children for whom an Adoption Grant has been paid.

A policyholder will be able to make a claim relating to a spouse /adult dependant or child when acceptance has been confirmed and the terms and conditions will be as for a new policyholder.

When a child under the age of 21 reaches that age they must sign a completed application form to agree to the terms and conditions of their new HSF policy and authorise payment of premiums.

Any change of address or other personal circumstance must be notified in writing to HSF so that our records remain up-to-date.

Death of a policyholder

When a policyholder dies, the spouse / adult dependant may become the named policyholder if already covered and qualify for continuity as a full policyholder. This will mean transferring to their own Direct Scheme. Any outstanding claims at the time of death will be settled as appropriate, payments being made on production of the required proof of entitlement.

Payment of premiums

Policyholders should check that payments have commenced in order that they are received regularly by HSF health plan. Policyholders who fall into arrears for more than six months will normally be required to rejoin under the usual conditions of enrolment.

Increasing premiums

Any existing policyholder is able to apply to increase to a higher scheme by completing an application form. Acceptance may be subject to a proviso or restriction and a waiting period for any new health condition which may have arisen. In transfers to any scheme, the periods before claims may be submitted are waived in all categories except the following: Birth and Adoption Grants; all other categories if the claim is associated with pregnancy; Eye Laser Treatment in the Dental and Optical category only when transferring from a Primary Scheme to an Extra Cover Scheme. If it is less than three months since the policy start date at the time of any scheme transfer all such periods will apply.

Extra Cover Schemes are entirely separate from the Primary Schemes and policyholders transferring to an Extra Cover Scheme from a Primary Scheme will be subject to rules for new policyholders, particularly relating to medical conditions existing or likely to recur, at the time of transferring. However in terms of pre-existing conditions credit will be given for the earlier period of premiums as set out in the "Waiting periods" and "Restrictions" sections.

Claims related to medical conditions existing at the time of increasing or linked to previous medical conditions will be paid at the appropriate former scheme rate. There may be circumstances where categories are grouped together for flexibility (eg. Practitioners) when it is necessary to settle claims at a former scheme rate for all categories in that group.

Decreasing or ceasing premiums

While it is possible to reduce premiums by transferring to a lower scheme, cover at the higher scheme should have been of at least six months' duration before such an application is made. Entitlement at the higher rate then ceases immediately upon transferring. If the maximum has been reached in any category in the higher rate scheme, there will be a period of six months before claims may be submitted under the new lower rate scheme. Cover at the new lower rate scheme must be of at least 12 months' duration before increasing or decreasing again.

Policyholders who wish to cease premiums should provide written notification to HSF health plan. Past premiums will not be refunded. Entitlement to claim will continue throughout any period of time covered by premiums. Any errors in premium payments must be notified to HSF health plan within two years of the occurrence for refunding to be possible.

Claims

Claims must be made within six months of the date of the receipt, discharge from hospital, or of the accident taking place. It may be necessary to ask you for additional medical information in connection with any claim.

All payments are tax free and easy to claim with forms provided on request by telephoning 1890 473 473 or writing to HSF health plan, 5 Westgate Business Park, Kilrush Road, Ennis, Co Clare or by downloading from our website www.hsf.ie

Reimbursement of most claims is made on a rolling balance principle over any 12 consecutive months. This period starts from the date we pay your claim (not from your joining or scheme increase date or from a calendar year).

For example: a Scheme FCA policyholder, after serving the first three months of cover, who has up to €500.00 to claim for dental/optical expenses in any 12 consecutive months; could have the following claim record:

Date Claim Paid	Claim Paid Amount	Remaining Balance in the Scheme FCA Dental/Optical Category
17 June 2017	€450.00	A balance of €50.00 remains.
5 October 2017	€50.00	Now a nil balance is left. The next available amount will be €450.00 on 17 June 2018.
11 August 2018	€250.00	A balance of €200.00 remains.

Within any consecutive 12 month period, the claim paid amount has not exceeded €500.00. After each claim is paid the amount becomes available again 12 months later. Balances available in each category can be checked by telephoning the claims department who will give guidance on when to submit a claim. Also, see "MyPolicy" on page 23.

Claims will only be accepted where accumulated receipts total €7 or more. Benefit payments which relate to amounts paid for a service provided will be up to 50% of the cost in the Primary Schemes and up to 100% of the cost in the Extra Cover Schemes, depending on the maximum shown in the brochure. Payment will be by direct credit into your own or joint bank account.

Claims will not be paid unless the appropriate premiums are up-to-date, even if the hospital stay or treatment date was before premiums fell into arrears.

The receipts must:

- be originals, not photocopies/scanned;
- include the practitioner's stamp / name, qualifications and date of issue;
- include the patient's full name and address;
- state the type of service and items provided;
- be for a service for which payment has been met directly by a person registered as a policyholder or dependant;
- be for a service covered by the HSF health plan categories only and not for any insurance premiums paid to cover that service.

Receipts will be returned and they will be stamped to indicate that a payment has been made to the policyholder. We cannot accept statements or summaries.

In circumstances where part or all of the amount stated on the receipt has been met by another organisation or insurance company, HSF health plan will limit or decline benefit payment to ensure that overall a policyholder does not receive more than the amount paid as to do so would be an illegal act.

Claims cannot be accepted for treatment or services provided outside Ireland and the United Kingdom.

There are no such location restrictions under the Personal Accident categories. Should any overpayment be made in respect of any of the benefits, the amount in question will be set against any future claims, or a repayment may be requested. Any fee paid by a policyholder to a practitioner for any type of medical statement or to a hospital for a statement concerning admission/attendance cannot be reimbursed by HSF health plan.

Claims cannot be accepted from service providers who are related to the insured person(s).

Payment from Chubb for Personal Accident claims

Any money due will be paid to the policyholder, if living, otherwise to his / her personal representative(s) within 21 days of the claim being substantiated to the satisfaction of Chubb.

Any receipt which the policyholder or anyone acting on the policyholder's behalf or his / her representative(s) may give to Chubb for benefits payable shall be deemed final and complete discharge of all liability of Chubb in respect of such benefit.

General Conditions

Regardless of any amendments, the Birth and Adoption Grants will remain available to all policyholders in the form outlined in the brochure for a minimum of 13 calendar months from the date of joining or changing schemes. This applies to all existing policyholders.

In the interest of the majority of the policyholders, the Board of Directors of HSF health plan reserve the right at renewal to:

- a) vary the premium rates by giving at least 28 days' notice to the policyholder's last known home address;
- b) vary the range and rates of benefit and the conditions and terms relating thereto;
- c) make amendments to these rules with such changes applying at the next time of renewal.

At other times the Board of Directors reserve the right to:

- d) refuse to settle the claim of any policyholder who is in breach of the rules and conditions, or has been unwilling to co-operate in the process of considering a claim;
- e) take legal action against anyone who makes a fraudulent claim and terminate cover immediately;
- f) take legal action against anyone who makes, or is associated with, a fraudulent claim and terminate cover immediately;
- g) use information provided on application and claim forms for the prevention and detection of crime.
